Subject: Invitation to speak on pending FS and Kalamazoo, April 22

Dear Jim and Mike,

In order to help the public understand the consequences of the EPA's pending release of the Feasibility Study for the Allied Site, a group of interested citizens has asked for a public education forum at Western Michigan University, April 22, from 7-9 pm. We welcome your participation at this forum.

I have attached a flyer to give you an overview of the event. Please let me know at your earliest convenience if you'd like to speak at the forum and I will confer with you on the details.

Many thanks,

Sarah Hill, Ph.D.
Associate Professor
Anthropology and Environmental Studies
